Specific Knowledge Required:

- Thorough knowledge of current legislation affecting the practice of Nursing in Jamaica
- Knowledge of the Staff Orders for the Public Service.

Key responsibilities will include:

- Assisting with the admission, discharge and transfer of patients
- Assisting in explaining facility's rules and routines to patients
- Assisting patients in moving and turning, getting in and out of bed, positioning and walking as needed
- Assisting with the inter-facility transportation of patients
- Maintaining personal hygiene of the patient according to the needs and condition; that is bathing, cutting nails, combing hair, oral hygiene
- Assisting with the patient in dressing and undressing
- Giving, removing and checking bed pans and urinals
- Administering alcohol or tepid sponges to reduce body temperature
- Collecting specimens of urine, faeces, sputum and vomitus
- Observing temperature, pulse, respiration and blood pressures of patients
- Measuring heights and weights
- Preparing patients for and assisting doctors and nurses in examination, treatment and diagnostic tests
- Preparing instruments and equipment for storage and sterilization
- Sterilizing instruments and equipment
- Assist in receiving, checking and storing supplies
- Perform simple dressings
- Administering medications excluding dangerous drugs as ordered e.g., orally, rectally or by injection-subcutaneous and intramuscular and carrying out other treatments as assigned
- Co-operating with other members of staff and accepting guidance and corrections

REMUNERATION PACKAGE PER ANNUM:

Salary Scale: \$2,410,261 – \$2,865,042 per annum
